---

## Summary

---

Passionate Frontend Developer skilled in React.js, Three.js, GSAP, and Tailwind CSS. I create seamless, interactive, and high-performance web experiences with a focus on UI/UX, animations, and performance optimization.

## Experience

---

Info Origin Inc.

Technical Intern | 08/2024 - 10/2024

- Optimized UI components in Angular, leading to a "20% faster page load time".
- Improved frontend performance & responsiveness, reducing UI bugs by "15%".
- Integrated dynamic animations to enhance user experience using GSAP.
- Developed custom UI elements using Tailwind CSS for a modern design.

## Education

---

Yashwantrao Chavan College of Engineering | Nagpur, Maharashtra

Information Technology | 05/2024

## Projects

---

Anzo.studio Clone [\[Link\]](#)

- Built a dynamic web experience using React.js, GSAP, and Tailwind CSS for smooth animations and engaging UI interactions.
- Implemented lazy loading to enhance page speed by "40%".

iPhone 15 Pro Clone [\[Link\]](#)

- Developed a 3D interactive experience using Three.js to create realistic product visualization.

Deveb.co [\[Link\]](#)

- Built a pixel-perfect clone of the Deveb.co website using React.js, Tailwind CSS, and JavaScript.
- Implemented smooth animations and interactive UI components for an engaging user experience.
- Focused on accurate design replication and performance optimization.
- Optimized render loops for seamless GPU performance.

Zentry Game Site Clone [\[Link\]](#)

- Developed a high-performance Zentry Games clone using React.js with advanced GSAP animations.
- Optimized rendering and animations for smooth performance,
- Focused on React optimization techniques to improve speed and efficiency.

## Skills

---

- Languages: HTML, CSS, JavaScript, TypeScript, Java.
- Frameworks & Libraries: React.js, GSAP, Three.js, Tailwind CSS, Redux, Webpack, Babel.
- Testing & DevOps: Jest, Cypress, CI/CD, Agile.
- APIs & Cloud: REST API, MySQL, MongoDB.
- Tools & Platforms: Figma, VS Code, and IntelliJ IDEA.

## Hobbies & Interests

---

Exploring new frontend frameworks, UI/UX design trends, and optimizing web performance.
